WALL HANGING INTEGRATED MACHINE

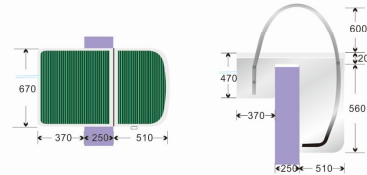

挂壁式一体化

WALL HANGING INTEGRATED MACHINE

A-06 Specification and size: 技术参数及产品尺寸

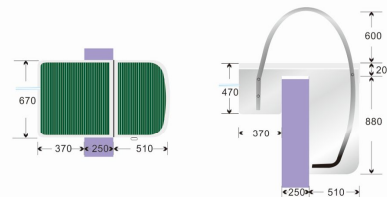

| | | |
|--------------------|-------|------------------------|
| Motor | 电机: | 0.8KW/220V |
| Pool light | 泳池灯: | LED 9W/12V |
| Flow | 流量: | 15m ³ /h |
| Power supply | 工作电压: | 220V/50HZ |
| Filter fineness | 过滤精度: | ≤5μ |
| Filter time | 过滤时间: | 自动设定 Automatic setting |
| Filter housing | 过滤筒: | 1个 One |
| Outer size | 外型尺寸: | 760×1130×670mm |
| Weight | 重量: | 65Kg |
| Ozone disinfection | 臭氧消毒: | 有 Yes |
| Body material | 机体: | 亚克力制 Acrylic |

A-06 Wall Hanging Integrated Machine, international patent design, suitable for 60cm depth children's pool or paddling pool.

A-06 一体化挂壁式, 国际专利设计, 适合60cm水深的儿童泳池、戏水池使用。

A-08 Specification and size: 技术参数及产品尺寸

| | | |
|--------------------|-------|------------------------|
| Motor | 电机: | 1.5KW/220V |
| Pool light | 泳池灯: | 10W/12V或100W/12V |
| Flow | 流量: | 30m ³ /h |
| Working condition | 工作电压: | 220V/50HZ |
| Filter fineness | 过滤精度: | ≤5μ |
| Filter time | 过滤时间: | 自动设定 Automatic setting |
| Filter housing | 过滤筒: | 2个 Two |
| Outer size | 外型尺寸: | 1080×1130×670mm |
| Weight | 重量: | 108Kg |
| Ozone disinfection | 臭氧消毒: | 有 Yes |
| Body material | 机体: | 亚克力制 Acrylic |

A-08 is an excellent choice for compact-type private pool.

A-08 为简洁型私家泳池的极佳选择。

A-09

A-09 Embedded integrated machine, minimalist design, unique flush mounting lets the entire pool wall line smoother, uniform style. Cover with thick pressure, non-slip composite material, no room piping, using advanced membrane filtration technology, comes with multiple torrent turbo massage jets, underwater lights, disinfection filtration system, saving construction costs, the use of water skimming function water return, a subversion of the traditional tastes, a private swimming pool upscale clubhouse assistant. Installation of equipment and the pool wall design using a plane, no protruding surface of the pool and the pool floor and on one level, the device is fully integrated into the overall construction of the pool, so the pool is beautiful, but also to achieve treatment effect.

嵌入式设计 Embedded design

Specification and size:

| | | |
|--------------------|-------|------------------------|
| Motor | 电机: | 1.5~2.2KW/220V |
| Pool light | 泳池灯: | LED 9W/12V |
| Flow | 流量: | 25~45m ³ /h |
| Power supply | 工作电压: | 220V/50HZ |
| Filter fineness | 过滤精度: | ≤5μ |
| Filter time | 过滤时间: | 自动设定 Automatic setting |
| Filter housing | 过滤筒: | 2个 Two |
| Outer size | 外型尺寸: | 1020×1270×750mm |
| Weight | 重量: | 55Kg |
| Ozone disinfection | 臭氧消毒: | 有 Yes |
| Body material | 机体: | PP |
